Ref: 6950589911102

Wireless Vertical Mouse Dareu LM138G 2.4G 800-1600 DPI

Dareu LM138G Wireless Vertical Mouse

The Dareu mouse provides long-lasting comfort with its ergonomic design. The vertical design makes the device pain-free for your wrist, so you can also use it at work. The 2.4G connection is responsible for stable and fast signal transmission without interference, and with the speed adjustment you can adjust the mouse performance to your needs.

Wireless connection

Free yourself from wires and rely on wireless solutions. The Dareu mouse connects to your computer with 2.4G. Now you can enjoy a high quality connection without interference up to 10m. What's more, a USB adapter is included, and thanks to the plug&play system, you don't need to install additional drivers to get the device ready to use.

Ergonomic design

The vertical design of the mouse provides long-lasting comfort and no wrist pain. So you can use it for many hours, such as while working, without feeling tired.

DPI adjustment

The Dareu mouse will work well whether you are working, playing games or browsing the web. It is equipped with a DPI button and allows

you to adjust the speed in the range of 800/1200/1600, so you can easily adjust its performance to your expectations.
