Smartwatch Mobvoi TicWatch Pro 3 Ultra LTE (Shadow Black)

Mobvoi TicWatch Pro 3 Ultra LTE smartwatch

TicWatch Pro 3 Ultra LTE is your personal assistant. It meets MIL-STD-810G ruggedness standard, so it can accompany you almost anywhere. It is also equipped with GPS and barometer to meet the needs of demanding users. The Gorilla Glass display resists fingerprints and provides easy access to critical information. The long-lasting battery allows the watch to work for up to 45 days, making it perfect for various types of expeditions. It has a range of health monitoring features, and you can also use it to pay for shopping, read the news, or listen to music on Spotify offline. See what else it can surprise you with!

Convenient access to information

The Mobvoi smartwatch is equipped with a dual 2.0 AMOLED Retina display with a diagonal of 1.4" and a resolution of 454 x 454. This puts all the most important information at your fingertips. In addition, the screen is distinguished by low power consumption. You can also adjust the brightness.

Built-in GPS

Get the best route for you. The Mobvoi smartwatch has access to all 5 satellite systems: GPS, GLONASS, Galileo, QZSS and Beidou to help plan your best trip, track your route and get you to your destination anywhere in the world.

Orange eSIM

Another benefit of the smartwatch is that it works with Orange eSIM. Connect your smartwatch to your Orange account to gain access to apps, music streaming, call data and notifications. Now you can make and receive calls using the watch directly.

Durable battery

The Mobvoi smartwatch is equipped with a 577 mAh battery, which translates to about 45 days of use on a single charge in ESSENTIAL mode and 72 hours if you turn on SMART mode. Now you can work out without worrying about the device's battery running down suddenly.

Efficient operation

The TicWatch Pro 3 Ultra LTE boasts highly efficient performance and large memory. It has an inbuilt Qualcomm Snapdragon 4100 chip and Mobvoi processor that ensures fast and reliable performance. Moreover, the memory of the device is 1GB RAM and 8GB ROM.

Caring for your health

The Mobvoi smartwatch is equipped with a number of useful features to help you keep track of your body. The TicWatch Pro 3 Ultra LTE measures blood saturation 24/7, monitors sleep, heart rate 24/7 and stress levels. It also has breathing exercises to help you relax. In addition, it measures noise from 30 dB to 120 dB and warns you if it is too high, protecting your hearing and nervous system.

For sports lovers

If you like active recreation, the Mobvoi smartwatch will definitely appeal to you. Climbing, running, cycling, yoga - these and other disciplines can be found on the TicWatch Pro 3 Ultra LTE. Moreover, new disciplines are constantly added, you just need to update the TicExercise and TicHealth apps to the latest version. Additionally, with TicHealth, it will provide you with key information about your fitness and progress, so you can increase the effectiveness of your workouts and reach your goals faster. It also has a barometer that will provide you with altitude information by measuring air pressure.

Lightweight and comfortable

The design of the TicWatch Pro 3 Ultra LTE is 29% lighter than previous models, and the battery capacity has been increased by 40%. In addition, its ergonomic design provides long-lasting comfort. The strap is made of skin-friendly silicone, and its outer part was finished with leather. The band is distinguished by its resistance to extreme temperatures, chemicals, oily liquids and oxidation.

For almost any weather conditions

The Mobvoi smartwatch has been prepared for various weather conditions. Subjected to multiple tests, it is resistant to external factors, including low and high temperatures, humidity, sunlight, shock, low pressure, dust and sand. You can also successfully take it to the pool, it is protected by IP68 water resistance level.

Wear OS by Google

The Mobvoi smartwatch will be your daily assistant. It allows you to make payments using Google Pay. You can also use Google Assistant, maps to get traffic information, etc. It is also possible to listen to offline music on Spotify.

Personalize its appearance

Customize the look of the Mobvoi smartwatch to suit your needs. The device offers a wide palette of colors that you can set on the smartwatch screen. Choose 1 of the 18 available colors and give the TicWatch Pro 3 Ultra LTE a unique touch.
