Set of 5 tweezers in case JIMI Home JM-G2305

Many of our daily activities require precision, so with the help of tweezers come to us, which successfully replace our fingers, with small items. Each of the 5 tweezers differs in appearance, and thus the purpose. The stylish case allows you to store and transport the tweezers together, and being made of stainless steel guarantees strength and convenience.

Where precision is needed

If you deal with electronics or jewelry in your daily work? JIMI tweezers will be an irreplaceable help. Thanks to the 0,01 mm thick tips, even the tiniest screws or components can be lifted with confidence, reducing the risk of losing or damaging them.

Safety in storage

To maintain the highest precision of operation tweezers have been sharpened, so for safety each one is equipped with a plastic cap that will prevent cutting fingers and dulling, and stainless steel provides resistance to moisture.

Portable case

Also protecting against dulling is a durable leather-like case. Where the tweezers' heads are located, the case has been reinforced to prevent each tool from being bent or damaged.
