

Gaming Wheel PXN-V9 (PC / PS3 / PS4 / XBOX ONE / XBOX SERIES)

Ref: 6948052900333

Gaming Wheel PXN-V9 (PC / PS3 / PS4 / XBOX ONE / XBOX SERIES)

PXN-V9 Gaming Wheel

Are you a fan of racing games and want to feel like you're on a real track? The PXN-V9 steering wheel offers high realism, customizable parameters and wide compatibility. It also comes with pedals and a gearbox so you can put yourself in the shoes of a racing driver. Wheel offers 8 programmable buttons and Mini Jack 3.5 mm port.

True realism

Take racing games to the next level of immersion! The PXN-V9 steering wheel features high precision and switchable modes. It has 2 levels of rotation range, 270° or 900°, so you can customize it for specific games. What's more, the built-in dual vibration motor automatically adapts its operation to specific productions and on-screen events, so you can immerse yourself even deeper in the game.

Wide compatibility

A major advantage of the PXN-V9 is its wide compatibility. It works with personal computers as well as the PS3, PS4, Xbox One, Xbox Series S&X and Nintendo Switch console. This allows you to indulge in realistic gameplay across multiple platforms and not worry about having to replace hardware when you equip yourself with a new PC or console.

Pedals and gearbox included

You also get pedals and a gearbox included in the kit. The pedals use technology to aid realism, capturing the feel of the real car. The gearbox offers 6 gears plus reverse. All this makes it possible for you to feel like you are in a race car without leaving your house!

More possibilities with the app

Get access to steering wheel configuration with the V9 Tool app. You can fine-tune the wheel by changing the sensitivity and vibration parameters. Fine-tune the wheel's characteristics to suit your particular needs or game and enjoy perfect performance.
