

2in1 Nespresso Capsule & Cask Machine Sboley 8501

Ref: 6973734203280

2in1 Nespresso Capsule & Cask Machine Sboley 8501

Sboley 8501 2in1 coffee maker

Can't imagine a day without at least one cup of hot, aromatic coffee? The Sboley 8501 coffeemaker will certainly find a place in your home! The device features 20bar pressure and is equipped with a milk frother. It also has a 1.5l water tank and offers a cup warming function. It allows you to brew ground coffee and is compatible with Nespresso capsules.

20bars for perfect taste

The Sboley coffee machine allows you to extract the maximum flavour from coffee beans. It is equipped with a high-quality Italian pump and delivers pressure of 20bar. It heats up very quickly - in about 20-30 seconds. So you can enjoy a delicious cup of coffee after just one minute! To ensure even better taste, the espresso machine brews espresso at a temperature of around 72-90°C.

2 ways to prepare coffee

Drink the coffee you like best. The coffee machine offers 2 ways to prepare your drink. It is compatible with Nespresso capsules and can also brew ground coffee. What's more, it is designed to make up to 2 cups at once. Invite a friend for a chat and treat them to a delicious, aromatic coffee from the machine!

Milk frother

Do you love a perfect cappuccino? Or perhaps you prefer a delicate latte? No longer do you have to spend money in coffee shops - now you can easily prepare your favourite drink at home. The Sboly 8501 is equipped with a milk frother and a special knob that allows you to adjust the amount of steam generated. Thanks to this you will easily achieve perfect, fluffy foam and make perfect coffee.

Comfort of use

What else makes the Sboly coffee machine perfect for your kitchen? The product is equipped with a large water tank with a capacity of 1.5l. That's enough to make around 10-12 cups of espresso! You can also heat water and use it to make tea. What's more, both the tank and the drip tray can be easily removed and cleaned - even in the dishwasher.
