

## Wireless keyboard + mouse set MOFII Honey Plus 2.4G (blue)

Ref: 6950125748636

Wireless keyboard + mouse set MOFII Honey Plus 2.4G (blue)

### MOFII Honey Plus wireless keyboard + mouse set

Do you value original solutions? Opt for a wireless keyboard from MOFII and marvel at the colorful design and 104 honeycomb keys. Their lifespan reaches 8,000,000 clicks, plus the keyboard offers up to 13 function keys. You will also find a wireless mouse with 4 buttons, which allows you to adjust the resolution in the range of 800 / 1200 / 1600 DPI. The products operate in the 2.4 GHz band, which guarantees stable transmission up to 10 meters.

### Original and functional keyboard

Tired of stiff keyboards? MOFII Honey Plus will delight you with its original design and will perfectly blend into your interior. The keyboard has 104 solid keys, which stand out not only for their modern design, but also for their ergonomic shape and quiet operation. There are also 13 function keys at your disposal, which make it easy to switch a song, adjust the volume, launch a browser or send an email.

### Wireless mouse with adjustable resolution

You'll also find a wireless mouse, which is equipped with 4 buttons and a scroll wheel. It offers 3-stage resolution adjustment in the range of 800 / 1200 / 1600 DPI, and the life of its buttons reaches 3,000,000 clicks. Both the mouse and keyboard operate in the 2.4 GHz band, which translates into stable, interference-free transmission with a range of up to 10 meters.

For fans of original design

MOFII Honey Plus impresses with its color and original design. The keys of the keyboard are shaped like a honeycomb, which gives it an original, unusual character. The set comes in several color variants, so everyone will find something for themselves. The advantage is also 3 levels of energy saving mode and wide compatibility - the keyboard and mouse work with Windows version 2000, XP, ME, VISTA, 7 / 8 / 10.
