Brushless Angle Grinder Deko Tools DKAG20BL01-S1 20V

Deko Tools DKAG20BL01-S1 brushless angle grinder.

The Deko Tools angle grinder will prove useful for a variety of repair and construction work. It is equipped with a powerful motor, making it suitable for cutting and grinding a variety of materials. Moreover, its lightweight and ergonomic design is responsible for the comfort of use.

Efficient work

DKAG20BL01-S1 has a powerful brushless motor, which translates into high working efficiency. In addition, the working voltage of the device is 20 volts, and cordless operation increases the freedom of use - a cable that is too short will no longer hinder your movements. You will use the grinder for cutting and grinding of various surfaces.

Ergonomic design

The grinder is designed to make its use safe and comfortable. Its relatively light weight and ergonomic design means you can use it comfortably. What's more, the side handle further contributes to the comfort of use, and the blade guard guarantees safety and reduces the risk of damaging the tool.
