Wireless Ergonomic Keyboard Delux GM901D BT+2.4G (white)

Delux GM901D Ergonomic Wireless Keyboard

Do you spend a lot of time at the computer? Take care of your health and comfort! The Delux GM901D Wireless Keyboard features an ergonomic design for unparalleled comfort. It is equipped with 107 keys and a special palm rest. You can connect it to up to 3 devices using Bluetooth 3.0, Bluetooth 5.0 and in the 2.4G band. It also has practical function keys.

Designed for your comfort

Enjoy unparalleled comfort even during prolonged computer work. The GM901D keyboard is distinguished by its ergonomic, curved shape, and it also has a built-in palm rest, which was created from an extremely pleasant-to-touch material. All this makes it possible to maintain a more natural posture while typing and provides excellent support for the wrists.

Ideal for sitting and standing work

What else makes the GM901D keyboard so versatile and comfortable to use? The product is equipped with front and rear legs that allow you to optimally adjust its height and angle. This means that it will be perfect for both sitting and standing work. Adjust it as you need and enjoy even more comfort!

Connect it to 3 devices at the same time

Say goodbye to unnecessary cables, make it easier to stay organized on your desk and enjoy freedom. The GM901D keyboard works wirelessly - you can connect it to your computer in the 2.4G band or via Bluetooth 3.0 / 5.0. It is also possible to connect it to up to 3 devices at the same time and conveniently switch between them. This will make your work even easier!

Comfortable work

The GM901D keyboard is equipped with 107 keys, which have a life span of up to 8 million presses. They are extremely durable, yet quiet at the same time. They also ensure smooth operation and fast response time. Moreover, special function keys will make it easier for you to operate the media player or adjust the volume. To power the keyboard you will only need 2 AAA batteries, which you can easily buy in many stores.
