

Wireless Handheld Barcode Scanner Deli E14953W

Ref: 6935205372468

Wireless Handheld Barcode Scanner Deli E14953W

Deli E14953W barcode reader

The Deli E14953W handheld barcode reader allows you to scan codes quickly. A high-end laser is responsible for its fast and reliable operation. It works wirelessly, its battery features 2000 mAh power. It scans codes from a distance of 1-35 cm. At the same time, it is extremely durable, and its ergonomic design ensures comfortable use. It works with operating systems such as; Windows/Android/iOS/Linux.

Multiple applications

The Deli E14953W barcode reader will work well in many different places - you can use it in a supermarket, warehouse or pharmacy. The device reads as many as 25 types of 1D codes, what's more, the reader can cope with 8 types of blurred and fuzzy codes. It is also compatible with Windows, Android, iOS and Linux.

Reliable performance

DSP technology is responsible for fast and smooth scanning, as well as the reader's lightning-fast response. The high-performance 650-nm laser reads information from a distance of 1 to 35 centimeters, while the gold-plated lens stands out for its enhanced photosensitivity and shortens the reader's response time. What's more, when the device is not connected to the receiver, it can still store data on scanned codes; when it gets connected again, it transmits all the data to the receiver. All this adds up to the Deli E14953W's

reliable performance.

Capacious battery

The device works wirelessly, which significantly improves convenience during use. With a durable 2000 mAh battery, the scanner can operate for 50h on a single charge. When the device discharges, you will replenish the needed energy in about 5h.

High user comfort

The barcode reader from Deli is distinguished by its exceptional durability. Made of ABS material, it is resistant to shocks and impacts, and is not afraid of a fall from a height of 1.2 meters. As a result, you can use it in a warehouse, for example, without worry. The tip is covered with TPU,, which itself is also distinguished by good abrasion resistance and durability in various weather conditions. It does not deteriorate when exposed to a variety of solvents and lubricants, and is also impact resistant.

Included:

Scanner

USB cable

User manual

Data receiver

Brand

Deli

Model

E14953W

Name

Barcode reader

Operation

Wireless

Battery capacity

Lithium battery 3.7V / 2000mAh

Operating time

50 h

Charging time

5h

Operating current

120 mA

Peak current

180 mA

Operating voltage

DC 5V \pm 0.5V

Material

ABS + TPU

Light source

Laser 650 nm \pm 10nm

Types of codes

25 types of 1D codes

Blurred code types

8

Scanning of codes from a distance

1-35 cm

Barcode density

≥ 4 mil

Lifetime of the button

≥ 5 million times

Operating temperature

-15°C ~ 50°C

Storage temperature

-20°C ~ +60°C

Interface

Micro-USB

Scanning modes

Manual, Continuous

Shock resistance

Up to 1.2 meters

Compatible systems

Windows / Android / iOS / Linux.

Barcode types

AIM-128; 11; 39; 93; 128; Deutsche 12; Deutsche 14; EAN-8; EAN-13; GS1-RSS14; GS1-RSS Limited; Industrial 25; Interleaved 2 of 5; ISSN. ISBN; ITF-14; Matrix 2 of 5; MSI-Plessey; RSS - Expand, Standard 2 of 5; UCC/EAN-128; UPC-E; UPC-A
