HHOLove Wi-Fi Plus smart food dispenser

Take care of your pet's healthy eating habits. The device allows you to create a meal schedule and control it via the app. With a capacity of 6 liters, your pet will always get the right portion of food on time. The dispenser supports dual power supply, so you don't have to worry about frequent refills. In addition, the equipment uses WiFi and shows a real-time picture - you can control your pet in real time.

Feeding schedule

A dedicated app allows you to program feeding times, as well as portions. Such a feature supports your pet's healthy eating habits. With just a few clicks, you can create the right feeding plan for your pet!

Thoughtful design

High-quality smart feeder will allow you to store dry food, or freeze-dried food in size 2-13 mm. With a capacity of 6 liters - food can last longer. In the case of having one cat it is up to 30 days, while with one dog it will be, 7 days. You do not have to worry about wedging food - the entire design has been, thought out in such a way as to provide your pet, maximum convenience. The food bowl is tilted at an angle of 7 ° to protect the cervical spine of cats. Caring for your furries has never been so easy!

Keep an eye on your pet at all times

The HHOLove Wi-Fi Plus is equipped with a camera that allows you to keep an eye on your pet and the meal he eats. It is also possible to adjust the camera to see even more. It doesn't matter where you are at the moment - the 2.4G WiFi feature allows you to monitor your pet's station in real time. It is recommended to place the dispenser in a bright place so that the image is not disturbed.
