Ref: 6970211470067

Screwdriver precision set JIMI Home JM-GNT72, 72 pcs

JIMI Home JM-GNT72 precision screwdriver set, 72 items

Looking for a versatile screwdriver set that will come in handy during small repairs? The JIMI Home JM-GNT72 precision screwdriver set offers a variety of bits that are perfect for any situation. In addition, the set also comes with a convenient carrying case that will make it easy to store the items and transport them.

Many applications

The precision screwdriver set offers as many as 72 bits that will come in handy in almost any situation. You will find, among others, hexagonal, square or Phillips screwdrivers. You will successfully use them, for example, when maintaining a computer, repairing a bicycle or screwing together furniture.

Magnetic mat

The set comes with two magnetic mats that are sure to make your work easier. You no longer have to waste time searching for small items, i.e. screws that you have dropped on the ground. In addition, boxes have been placed on the mat to help you categorize parts.

High-quality materials

The case is made of high-quality material that is durable and resistant to wear and tear. Moreover, the rounded edges of the case allow

for a comfortable grip. The handles are made of durable aluminum alloy, while each bit was created from a special S2 steel alloy. All the materials used guarantee both comfortable and safe use.
