Multifunctional 2-in-1 magnetic car holder Joyroom JR-ZS294

Multifunctional 2-in-1 magnetic car holder Joyroom JR-ZS294 with stand (black)

Are you looking for a practical holder that works in many different situations? Opt for the Joyroom JR-ZS294 magnetic holder and enjoy the possibilities it provides. You can carry it on your finger in crowded places, use it like a stand or mount it in your car. The product provides a stable position for your phone and ensures comfortable use of your phone in various circumstances.

Wide application

This compact product stands out for its extraordinary functionality and can be used in three different ways. The finger ring will provide a stable grip and will come in handy, for example, during a holiday city tour. You can also use it as a phone stand to put the device down on a table or desk and comfortably watch video content. The possibilities don't end there - fold the ring, mount the holder in your car and enjoy comfortable navigation while driving.

Tailored to your needs

The mount is distinguished by its adjustable design, so you can change its angle and rotate it 360 degrees. This will allow you to place your phone in the optimal position on a desk or table, moreover, the product will not cause discomfort when worn on your finger. If you don't need the holder, you can simply fold it up and easily hide the phone, for example, in your purse.
