Catlink Pro-X Standard Version intelligent self-cleaning cat litter box
You no longer have to spend time cleaning up after your cat. The Catlink Pro-X Standard Version smart cat litter box will clean itself in just a few moments. It offers up to 4 modes of operation and is completely safe for your pet. It features a large dirt container with a capacity of as much as 13 liters, and a 3-layer deodorization and sterilization system will take care of cleanliness. With the help of the Catlink app, you can conveniently control the litter box remotely, as well as receive helpful notifications or access reports on your cat's health. The Catlink device is distinguished by its carefully thought-out design. The litter box can easily be used by both smaller and larger cats - in the weight range from 1.5 kg to 10 kg.

As many as 4 modes of operation
Adjust the operation of the litter box to your expectations. The device provides as many as 4 modes of operation, which you can conveniently change from the app or via a dedicated button. Manual mode will allow you to start and stop the litter box manually. Timer will allow you to set the hours you want the device to work. Do you want the litter box to automatically start cleaning after a certain amount of time after your cat uses it? Choose Auto mode and decide for yourself after what time the cleaning will start (1 / 3 / 5 / 10 / 30 minutes). Empty mode allows you to empty the litter container - just press the appropriate button.
Reliable cleaning
The device allows for effective cleaning in a short period of time, which, if you have more cats, will ensure that none of them will have to

wait too long for their turn. The litter box uses an advanced filtration system to effectively separate dirt. In turn, the 3-layer intelligent deodorization and sterilization system will take care of the pleasant smell 24 hours a day. The waste container has a capacity of as much as 13 liters, so you can easily empty it only once every even two weeks.

No worries about your pet's safety
The Catlink Pro-X Standard Version smart litter box is fully safe for pets. The multi-level protection system means you don't have to worry about anything happening to your cat while using the litter box. Precise sensors reliably detect the presence of your pet. What this means. If your cat enters the litter box while it is being cleaned, its operation will be instantly interrupted. What's more, the litter box is designed to minimize the risk of it tipping over.

Get more features with the app
Want to access even more features? Take advantage of the dedicated Catlink app! The app will allow you to conveniently manage your litter box from your smartphone or tablet. Among other things, it allows you to turn the device on and off, change modes, and monitor reports on your pet's health. What's more, it's possible to share the device on the app with multiple users, so the rest of the household can also manage the litter box remotely!
