Orico PFB-A24-BK-BP laptop stand (black)

Ref: 6936761862301

Orico PFB-A24-BK-BP laptop stand (black)

Do you spend a lot of time at your laptop? Take care of your comfort! The Orico PFB-A24-BK-BP stand will allow you to position your device at the right angle - it allows 7-position height adjustment. The accessory was made of durable POM plastic, and thanks to the non-slip pads it is extremely stable. An interesting addition is the rounded wrist rests, which will provide you with even more comfort.

Solid construction

The stand is made of high-quality POM plastic, which is distinguished by its exceptional strength and resistance to damage. What's more, thanks to its well-thought-out design, it will easily hold even a heavier laptop and ensure its stability. So you can enjoy greater comfort while typing. The accessory also has silicone pads that prevent the device from slipping.

Comfort of use

Adjust the cradle to give yourself the optimal viewing angle. The Orico-branded accessory allows 7-position height adjustment from 22-150mm. Adjust it to your needs and forget about neck or back pain! The stand also has rounded wrist rests, which have been additionally coated with silicone. This makes it much more comfortable to use and avoids discomfort.

Lightweight and portable

The accessory weighs just 190g and features a foldable design. When folded, it takes up so little space that you can easily fit it in your laptop bag or backpack! So you can always have it at hand - in the library, at the university, at work or at the coffee shop. Don't give up the ability to use your laptop comfortably when you leave the house!

Wide compatibility

Smartphone, tablet or maybe a laptop? The Orico stand will easily handle most popular devices up to 17" diagonal. This means that it will be perfect for various applications - you will successfully use it while working, reading, taking notes or watching videos. What's more, thanks to the thoughtful design of the accessory, the devices placed on it can effectively dissipate heat.
