Portable Label Printer Niimbot B18 (White)

Ref: 6972842746863

Portable Label Printer Niimbot B18 (White)

Niimbot B18 wireless label printer white

Niimbot B18 is a thermal transfer wireless printer that will come in handy every day. It requires cartridges, so you can print in color. What's more, the compact design makes it easy to store and transport. Its operation is simple and convenient - just download the Niimbot app and pair the B18 with your smartphone via Bluetooth.

Practical

The Niimbot B18 printer will find its use in the store for printing prices and at home for labeling food containers. In addition, it can be used to label components or cables, EAN number products, print holograms, etc. Compared to other printers of this type, it allows you to print in color, thanks to replaceable cartridges - you will find a black ribbon in the set.

User-friendly

Niimbot B18 weighs only 310 g, and its dimensions are - 137 x 90 x 37 mm. This makes it handy and you can easily store it in a desk drawer, for example. What's more, it is equipped with a 1200 mAh battery, which allows you to print many labels on a single charge. You'll find a USB cable included, making it easy to charge. In addition, being made of ABS plastic translates into durability.

Operating the B18 will not be a problem for you. All you need to do is download the dedicated Niimbot app, which works with Android and iOS. From it you can design labels, customize the font, amount of content, etc. It also allows you to print barcodes, QR codes, Excel table or time and date. It also supports serial printing, scan or emoticons and voice input.
