### Take care of your pet's health

A dedicated app will give you access to your cat's health reports. With the help of CatLink, you will make your pet have healthy eating habits. From the app, you can monitor his weight, as well as check important information, such as the times he ate. How it works. All you have to do is wear the included collar on your cat, which is equipped with a special chip. Do you have several cats? No problem! The

dispenser recognizes different cats and records data related to their nutrition in the app.

#### With your pet in mind

When designing the smart food dispenser, the focus was not only on functionality, but also on your pet's convenience. The clever design of the bowl, which is U-shaped, helps protect your cat's whiskers. As a result, you can be sure that your pet will comfortably have its meal. In addition, you don't have to worry about the accumulation of bacteria and the formation of cat acne. You can clean the bowl in the dishwasher without any worries. What's more, by opting for the CatLink dispenser, you gain the ability to plan up to 20 meals a day and determine the portions of each one.

#### Solutions that enhance safety

You don't have to worry about your pet's safety, even when using the dispenser when you're not around. A special sensor ensures that the dispenser will recognize your pet's presence - so you don't have to worry about your cat's paw being pressed against the door. Also noteworthy is the cable, which is resistant to bites. What's more, disassembling the device is surprisingly easy, so you can clean it efficiently and effortlessly, and your furry friend will enjoy regular meals and impeccable cleanliness.
