Seed kit pack aspara by GrowGreen - herbs

Ref: 4897073820781

Aspara seed set by GrowGreen - herbs

Delicious herbs, straight from home growing! The aspara by GrownGreen seed set will allow you to create your own herb culture. It is a combination of popular herbs, including dill, cilantro, sweet basil and/or parsley. The seeds are non-GMO and are designed to be planted in a smart aspara pot. What's more, you only need one seed to grow aromatic herbs in 120 days. Herbs are a great addition to almost any dish - they add amazing aroma and enhance flavor. In the set you will find all the necessary accessories.
