Transparent RGB Wireless Speaker Joyroom JR-ML03 (black)

RGB transparent Joyroom wireless speaker JR-ML03 (black).

Are you looking for a speaker that will give you an unforgettable sound experience and look great at the same time? Joyroom JR-ML03 speaker is for you! With its help you will create the perfect mood, as it has the possibility of LED backlighting. What's more, it will surprise you with its crystal clear sound and long operating time.

Unforgettable sound experience

With the Joyroom speaker, your favorite songs will sound even better! The 52mm speakers will guarantee you deep bass, clear and 3D surround sound. With JR-ML03, every party or family gathering will be held with the sound of delightful music.

Wireless connection

With the Joyroom wireless speaker, you can listen to music the way you like it, as it stands out for its high compatibility. You will connect to it via TWS, AUX, SD cards, as well as via Bluetooth 5.1. You don't have to worry about the wireless connection, as it provides fast and stable transmission.

Unforgettable experience

The Joyroom speaker will create unforgettable effects, thanks to its RGB backlighting. You'll customize its appearance according to your

preferences and needs, as you can choose from a variety of colors or even mix them freely. Create an unforgettable atmosphere at night with the JR-ML03!

Comfort of use

Joyroom wireless speaker is a very functional device, which, moreover, is comfortable to use. The small and lightweight design with a lanyard will help you transport it conveniently. What's more, you can talk freely in front of it, as it will provide you with crystal clear hands-free conversations.

Large battery

What makes the Joyroom speaker stand out is its environmentally friendly rechargeable battery, which provides about 6 hours of operation. What's more, it can go into standby mode for as long as 48 hours if not in use. Moreover, you can easily charge it with a USB-C cable in as little as 1.5 hours.
