Adapter 12w1 Choetech HUB-M26 USB-C for USB-C+ USB-A+ HDMI+

12in1 Choetech HUB-M26 USB-C adapter (gray)

Are you short of space to connect additional equipment to your laptop? Choetech adapter will help you solve this problem. HUB-M26 will certainly improve your work - it offers as many as 12 additional ports. It stands out for its robust design and is compatible with Windows versions 7-11 and macOS.

Even more possibilities

With Hub M26 you get at your disposal 2 USB 2.0 ports (480 Mb/s), 2 USB 3.0 ports (5 Gb/s), with the help of which you can quickly transfer files, for example, from an external drive to a laptop and vice versa. 2 HDMI inputs supporting 4K resolution and a VGA 1080p input, which will allow you to connect up to 3 additional monitors. You'll also find an SD/TF card input, a 3.5mm jack headphone/speaker port and a USB-A input. A USB-C input with up to 100W output power will allow you to charge your devices quickly. What's more, the HUB provides an RJ-45 Ethernet port, with the help of which you can connect your laptop to the network via a cable.

Instant charging and data transmission

Choetech adapter is a functional device with great capabilities. It offers an output power of 100 watts, so you will successfully replenish energy in smaller and larger electronics in a surprisingly short time. What's more, the USB ports allow data transmission at 480 Mbps and 5 Gbps, so you won't be waiting long for your files to finish transferring.

Wide compatibility

You will connect the HUB-M26 to almost all laptops/computers that support USB-C. The product is compatible with Windows 7, 8, 10 and 11, as well as macOS, so it will support hardware from well-known manufacturers without any problems. Bet on Choetech HUB-M26 and enjoy the great capabilities of your laptop!
