

Propeller Holder PGYTECH for DJI Mini 2 SE / Mini 2

Ref: 6970801335806

Propeller Holder PGYTECH for DJI Mini 2 SE / Mini 2

Protect your propellers

The holder for the DJI Mini 2 SE effectively protects your propellers from damage during transportation. It takes up little space, so storing it after removal will not be a problem. The holder is made of plastic and soft silicone, so it will not scratch the propellers. It is very easy to use, and with the help of a quick release, removing it is a snap.

Lanyard

The kit comes with a lanyard that allows you to mount the drone to it and hang it around your neck. Ideal for those moments when two hands are needed and the drone can't be put down on wet grass, for example.
