Hair dryer inFace ZH-09GW (white)   Ref: 6971308401797

Hair dryer inFace ZH-09GW (white)

The inFace ZH-09GW Hair Dryer (white)

The inFace ZH-09GW hair dryer is distinguished by its unique design, and thanks to its light weight (about 380 g), it is a perfect companion on the go. It guarantees a reliable airflow of up to 65 m/s while maintaining a low noise level (67 dB), and its motor operates at 110,000 rpm. A smart LED display allows for easy operation. The device also generates negative ions to keep your hair in impeccable condition and healthy looking. At the same time, it offers a number of care functions, allowing you to take care of your complexion as well, and supports 4 temperature levels and 3 air speed levels. An NTC sensor monitors the temperature level, eliminating the risk of overheating. In addition, you will find a magnetic nozzle included.

Instant hair drying

Are you short of time in the morning to dry your hair thoroughly? With inFace you will say goodbye to this problem! The dryer's motor runs at 110,000 rpm, so you'll be able to enjoy beautiful, dry hair in no time. In addition, the speed of the airflow reaches 65 m/s, and the stream goes directly to the root of your hair, guaranteeing almost instantaneous drying.

Care with ions

The inFace device stands out not only for its impressive speed, but also offers unparalleled care thanks to ionization technology. The dryer generates as many as 200 million negative ions to make your hair soft. You'll also say goodbye to the problem of hair static, frizz

and frizz formation. Choose the best for your hair and impress with healthy, beautiful and easy to style hair every day!

A display that makes it easy to use
Thanks to the easy-to-read screen, you can conveniently check information on airflow speed and temperature. By pressing the appropriate button, you can reverse the direction of rotation of the motor, which allows you to easily and effectively remove lingering dirt. The solution used extends the life of the device. Also noteworthy is the low noise level, which does not exceed 67 dB. From now on you can dry your hair at any time without worrying about waking up the rest of the household.

Make your home spa
Bet on a device with which you can not only dry your hair, but also take care of its condition and perform facial care ritual With its advanced care mode, the inFace dryer will open up a whole new world for you! It offers a warm compress (55°C) that will leave your skin moisturized and supple, while your pores are cleansed and ready to receive active ingredients from your favorite cosmetics. Don't waste time and money on expensive visits to beauty salons when you can enjoy professional skin care in the comfort of your home! Four levels of temperature and three levels of airflow speed allow you to customize the device's action to your needs. And it doesn't end there! The dryer offers the ability to switch between hot and cold air - just press the appropriate button.

For the sake of safety
When choosing an inFace dryer, you don't have to worry about the safety of use. The device uses precise NTC monitoring, which takes as many as 100 measurements per second, allowing the microprocessor to perfectly calibrate the air temperature. This will help you avoid the harmful effects of high temperatures on your hair. The ZH-09GW is the perfect companion on the road to healthy, shiny hair that you can always count on!
