

Wireless Vertical Mouse Delux M618PD BT+2.4G 4200DPI

Ref: 6938820409311

Wireless Vertical Mouse Delux M618PD BT+2.4G 4200DPI

Convenience

The DELUX ergonomic mouse, with its unique vertical design, places your hand in a natural position, preventing hand fatigue, forearm twisting and reducing muscle tension. The removable wrist rest allows your forearm and vertical mouse to be in alignment and makes your wrist float and rest on a comfortable pad that protects it from friction when moving the mouse. With a durable coating on the mouse and a key life of up to 3 million clicks, the M618PU will give you long and reliable service.

Wireless

The Delux branded mouse is wireless, for even greater ease of use. Just plug the USB receiver into your computer and you're ready to go. The wireless connection with the USB Nano Receiver receives the mouse signal from up to 10 meters away. Thanks to its capacious battery, the mouse can work for a whole week on a full charge, with an average use of 8h a day.

4 DPI levels

M618PD features 4 DPI levels - 800/1000/1600/4000 max 4200, with a highly sensitive optical motor that provides smooth and precise tracking over a wide range of surfaces. With this, you can conveniently change the cursor speed to suit your needs.

A precision sensor for any system

Mouse is compatible with Windows 2000, XP, 7, 8, 10 and MacOS. Fits various devices, laptops, PCs, notebooks, Macbooks. With a precise sensor, the wireless mouse can be used anywhere, including rough or smooth surfaces.

More natural

Ergonomics is not just about the shape of the hardware, but also about the user's usage. With special button placement, thumb space and rubber coating, the mouse allows for easier use and offers a comfortable and natural user experience.
