Colmi C63 Smart Watch Grey

The Colmi C63 Smartwatch offers numerous useful features that make it a great companion for everyday use. It not only notifies you of incoming messages but also allows you to make phone calls via Bluetooth. It also helps you take care of your health by monitoring blood glucose levels, measuring heart rate and blood pressure, and even performing EKG measurements. You can also choose from over 130 sports modes – you'll surely find something for yourself. The convenient operation of the smartwatch is facilitated by the 2.01-inch HD touchscreen display.

Take Care of Your Health

Keep your finger on the pulse and gain the ability to react quickly to alarming symptoms. The smartwatch can perform EKG measurements and assess the heart's health based on them – all the necessary information is available in the app. The C63 model also measures blood glucose levels. The device also features heart rate monitoring, sleep tracking, blood pressure, and SpO2 measurement. It also provides guidance on performing relaxing breathing exercises – use this feature to unwind.

Stay Connected

You no longer have to worry about missing something important. The C63 Smartwatch will instantly notify you of incoming messages – now everything is at your fingertips. The device also allows you to make phone calls – you don't have to reach for your smartphone every

time. Advanced AM acoustic technology and built-in speakers ensure excellent sound quality – so you can be sure that you and your caller will hear each other without any issues.

Large Display

Enjoy the convenient operation of the smartwatch. The C63 model is equipped with a large 2.01-inch touchscreen display with a resolution of 240x296p. It provides a clear, crisp image in almost any conditions – making everything perfectly legible. You can also customize its appearance to your preferences – with over 100 original dial designs to choose from.

Even More Possibilities

The smartwatch offers a voice assistant feature – now just a few words are enough to, for example, call a friend, locate your phone, or get directions to a chosen location. The device also allows you to check the weather, use a calculator, control a music player, and much more. The possibilities are truly extensive – the Colmi C63 is a personal assistant on your wrist!

Over 130 Sports Modes to Choose From

Living an active lifestyle? Or perhaps you're just starting your journey with workouts? The Colmi C63 Smartwatch will also come in handy in such situations! The device allows you to choose from over 130 sports modes, such as running, cycling, yoga, HIIT, or climbing. Stick to your favorite discipline or try something new! Now you can conveniently track your progress and achieve better results.

Customized for You

The smartwatch is very lightweight and comfortable – weighing only 40 g, so you can wear it for a long time without discomfort. The device is equipped with a silicone strap that is skin-friendly, pleasant to the touch, and easy to clean. The C63 model also stands out with its IP68 water resistance – you don't have to take it off your wrist when it's raining or you want to wash your hands.

Long Battery Life

Forget about the need for frequent smartwatch charging. The Colmi C63 is equipped with an efficient 280 mAh battery. With regular daily use, the device can last up to 5-7 days! Conveniently charge the watch with the included magnetic cable.
