Smartwatch Sport J2 Star XO (Black)

The XO Sport J2 Star Smartwatch is a smart sports watch with a stylish appearance and a range of indispensable functions such as Bluetooth calls, heart rate, pressure, calories, rest time measurement, and more. Additionally, the smartwatch has a water-drinking reminder feature, personalized reminder settings, gesture control, support for social media and messaging apps, and more. The large 1.65-inch display with a 240 x 284 IPS resolution and very narrow bezels ensures that all details are displayed clearly. IP68 means that the watch is completely dust-tight and resistant to splashes, rain, and immersion in water. The working time is between 5 and 7 days, and the charging time is only 2 hours, so you can continuously receive information about your health. The device is made of zinc alloy and tempered glass, ensuring its durability.

Health Monitoring

The XO Sport J2 Star Smartwatch is not just an ordinary watch. With it, you can monitor your health at various levels. Heart rate, blood pressure, and calories burned measurement are just some of the available options. You can also monitor your sleep, rest time, distance covered, and also receive water-drinking reminders. Take care of your health with XO J2!

Dust and Water Resistance

The smartwatch is not only stylish but also durable. Thanks to the IP68 certification, it is completely dust-proof and resistant to splashes,

rain, and immersion in water. It is the ideal companion both during workouts and in everyday life. Made of high-quality zinc alloy and tempered glass, this watch is ready for various challenges. It will be a fantastic companion during workouts – it's sweat-resistant and offers 20 sports for professional sports analysis.

Long Working Time

From 5 to 7 days - that's the continuous working time of the watch, allowing you to monitor your health and results almost for a week. In standby mode with the screen off, the watch can last 30 days. The charging time of the 240mAh polymer battery is only two hours.

Personalization

The XO Sport J2 Star Smartwatch allows you to personalize its appearance. You can choose from different styles of traditional and digital dials, so the watch matches your taste. What's more, you have the ability to upload your own photos from your phone and set them as the watch dial, giving it a unique character. Additionally, the watch can be paired with a smartphone via Bluetooth, allowing access to contacts and phone calls.

Voice Assistant

One of the most advanced features of the XO Sport J2 Star smartwatch is the built-in voice assistant. It operates on the basis of artificial intelligence and allows voice commands to be issued to the watch. This is a great solution when you need to quickly check the weather, set a reminder, or send a text message without having to use the smartphone keyboard. The voice assistant adds convenience and allows you to focus on other activities.

Messengers

With the XO Sport J2 Star smartwatch, you can stay up-to-date with the most important news and notifications from popular social media platforms. Integrated apps such as WeChat, QQ, Facebook, Twitter, Instagram, Skype, WhatsApp, and others enable you to read messages without having to take your phone out of your pocket. This is an ideal solution when you are in the middle of a workout or have your hands full.
