

Parking heater HCALORY HC-A11 8KW Diesel

Parking heater HCALORY HC-A11 8KW Diesel

Ref: 5905316148277

Stationary Heating / HCALORY HC-A11 Heater

HCALORY HC-A11 is a compact heater measuring 38 x 13.5 x 13.5 cm that runs on diesel fuel. With it, you can quickly heat a garage, car cabin, van, or truck, and also use it to remove frost from windows. Importantly, this heater is characterized by minimal fuel consumption, which benefits both the environment and the wallet. It is also equipped with an LCD panel with a timer, allowing the user to program the device to turn on or off at a specified time. It's worth noting that the compact design of the heater allows for easy and quick transport.

Operating Modes

Using the LCD panel, the user can adjust basic settings such as the current time, automatic start time, operating time after turning on, language, oil pump power, and more. Entering engineering mode allows for displaying information about the motherboard, error code, heater operation, cabin temperature, etc. The heater can also be connected via Bluetooth and controlled using an application - adjusting the temperature and displaying the error code.

Package Contents

- 1 x Car Heater
- 1 x Digital LCD Switch
- 1 x Remote Control

1 x Oil Pump
1 x Fuel Tank
1 x Exhaust Nozzle
1 x Air Filter
1 x Oil Filter
1 x Three-way Connector
1 x Mounting Plate
1 x Exhaust Pipe
1 x Air Intake Pipe
1 x Air Outlet Pipe
1 x Wiring Harness
1 x Screw Set
1 x Cable
1 x Oil Pump Clamp
1 x Fixed Cable
1 x User Manual
BrandHcalory
ModelHC-A11
Tank Capacity10L
Rated Power5KW~8KW
Fuel Consumption0.1-0.64 liters per hour
Wireless Control Distance100 meters
Offered Temperature8~35°C
Heater Working Temperature-40~+50°C
Oil Pump Working Temperature-40~+40°C
Remote Control Batteries12V 23A
