Darkflash Phantom Computer Case (black)
Ref: 6926170074631

Darkflash Phantom Computer Case (black)

Darkflash Phantom computer case
Made of tempered glass, the Phantom computer case features a unique design and provides an excellent view of the various parts of your hardware. You can successfully mount up to 11 fans in it, as well as other components. The magnetic design makes it easy to keep the model clean, and support for RGB control mode allows you to give your computer a unique character. An independent hard drive enclosure means you can ensure that your hardware is even more efficient.

Perfectly thought-out design
Tempered glass with a thickness of 4 mm not only guarantees incredible durability of the case, but also makes the inside of the computer perfectly visible. This gives you a wide range of possibilities! For example, you can mount RGB fans to enjoy amazing lighting effects. The painted 0.6mm SPCC steel gives the case a modern metallic texture. What's more, the magnetic design of the top cover helps protect the product from dust and makes it easy to clean.

Optimal solutions for efficient cooling
With Darkflash, you don't have to worry about your computer overheating. The internal cooling channel will effectively protect it from this. The case also allows you to install up to 11 fans. So you will easily take care of proper cooling of your equipment.

Wide expansion possibilities

However, this is not the end of your possibilities! The product is compatible with many different devices, and its user-friendly design makes their installation fabulously easy. For example, you can mount SATA drives, a 375mm VGA card or a power supply without any problems. Enjoy expandability and create the perfect computer for you.

Additional possibilities

The case is equipped with several features that will make your work easier. USB 3.0 and USB 2.0 ports enable high-speed data transmission. An HD audio port is also available. The model also supports RGB mode control, allowing you to achieve unique lighting effects. Try out these capabilities and make your hardware look even better!

Even more performance

Are you looking for more efficient operation and cooling of your computer? We have excellent news for you! An independent hard drive enclosure allows you to achieve greater efficiency of individual components. This is your new way to build the hardware of your dreams!

Manufacturer
Darkflash
Housing type
Mid-tower
Dimensions
